When the World Came to Town

This presentation deals with the good and bad in mankind. The program explores the horrible attacks on September 11, 2001. Over 3,000 people lost their lives to attacks from the air. Immediately after the attacks, the US shut down its airspace and those planes coming in from Europe were forced to land in Canadian airports. One such airport was Gander, Newfoundland. 38 jumbo jets with 7,000 passengers landed in Gander and stayed five days. The wonderful people of Gander and surrounding towns housed, fed and cared for those “plane people.” This remarkable story will bring tears to your eyes about the goodness of mankind.

Happy Hour

November 5- Alex Cousins

Alex is a cellist, composer, and performer that is reshaping what the cello is allowed to be. He was trained classically—but never stayed there. Now he plays electric, trusting his bow more than the rules. This is the cello, stripped back and set free.

November 12- John Hasselback and Kathy Beck

John and Kathy are among our favorite musicians. Come join us for high-energy tunes, a good time and jazz.

November 19- Just Banjos!

Our very own Lorey & Friends is a 5-piece band that will delight with their performance of music from the Roaring 20's to present day. Come ready to sing along and have an amazing afternoon!

November 26-Don Dwyer

Don is a musician, singer and songwriter from the Buffalo, NY area. Don will share the music and stories from the American Civil War. He is proud to have had a 3x great grandfather and 3x great uncles fight in the Civil War. They were Irish immigrants. He sings the songs and tells the stories of their background and their motivations to fight for their adopted country. He will also be performing songs from the Erie Canal as this is its 200th anniversary.

Series of 4 Presentations

Thursday evenings in Coventry Hall from 7:30PM to 8:45PM on the following dates:

October 30th, November 6th, 13th and 20th

Sound Bath

Monday, November 10th at 1:30PM

In Coventry Hall

A Sound Bath will be given by Ken Belote and his wife Grace. You may know Ken from the drum circles. Ken is excited to come and present the Sound Bath. The Sound Bath is a way for all of us to sit or lie down and enjoy a meditation experience. You will not be playing instruments, like a drum circle, but instead listening and relaxing.

A Sound Bath is an immersive, full body, listening experience that uses sound to create therapeutic and restorative relaxation to nurture your mind and body. The soothing sounds and vibrations may slowly bring the body into a calm, sleepy, meditative state. This may lower heart rates, respiratory rates and blood pressure. Some attendees have described the experience as a listening meditation which helped reduce pain, anxiety and tension.

More information is available at

kbpercussionadventures.com/sound-baths.

You can experience a Sound Bath by sitting in a chair or laying on the ground. Please wear comfortable clothes and bring a blanket or pillow if you wish.

The Cultural Arts team strives to bring the finest in culture and entertainment to Canterbury Woods. If you have any questions please contact Christine Wirth, Cultural Arts Coordinator in person, by email or phone. cwirth@echa.org 716-929-5127
